

Bekasecure® post

The Bekasecure posts have a unique design and guarantee higher security, important rigidity and easy installation.

Benefits

The Bekasecure posts have a unique patented profile and are available with or without base plate. The panels are secured by using a continuous cover plate and specific stainless steel security bolts.

- The post's design and high yield strength steel provides the ultimate in high security, rigidity and ease of installation. The open profile of the post allows for electrical or fibre optic cabling
- Patented system

Profile

- Post profile "Omega", 140 x 135 x 4.00mm (up to 6m fence height)
- With a double range of holes 10 x 20mm for the fixation of panels and cover plates
- Specific metal cap
- I/V: 43.6cm³

Accessories/options

- Bent arms
- Welded foot plate
- Cover plates for intermediary and corner posts
- One-way security bolts for the fixation of panels, cover plate and metal caps

Coating technique

Hot-dip galvanised inside and outside (505g/m² – both sides combined) and polyester plastic coated (minimum 60 microns).

Colours

Green RAL 6005. Other colours are available on request.
